GABY DESLYS IN FRENCH DRAMA OF MODERN PARIS

A theater within a theater. The great Paris Casino show, rivaling Dillingham's New York Hippodrome productions, is seen in this sensational French feature de luxe, with Gaby Deslys, famous French dancer, in the leading role. Once the star of the Broadway success, "Stop! Look! Listen!" she now returns to America in a wonderful cinematic presentation of Marcel L'Herbier's "Infatuation." It is a story, not of a woman of the fashionable world, but of a humble flower worker, who rose from poverty and temptation to be the adored dancer of the gay French capital. And—an unusual twist—the woman who was the flame, becomes herself the fluttering, helpless moth. This picture, elaborate and costly in its settings and dressing was made by the Eclair Film company of France and directed by Louis Mercanton, formerly stage director for Madame Bernhardt in Paris. "Infatuation" is a six-reel Pathe Special Feature. In it Gaby Deslys, the most talked of woman in the world, has a strong emotional role, which she incarnates with surprising strength and power. Also she wears some new and wonderful hats and costumes over which the designers and modistes worked for three months before the big picture was put into production. This is the film production you will see today at the Butte. Also, the latest Pathe News.

Tomorrow, Clara Kimball Young in "The Savage Woman" and Ruth Roland in "The Tiger's Trail," another excellent seven-reel program. Do not miss "False Faces" Friday. This is "home" picture, and if you do not see it, it will be your loss. It is a special production in seven gripping reels.

CHINA BANDITS RAID THE POLICE

(Correspondence Associated Press)

PEKING, June 7.—Advisers from An-shan Manchuria, on the border of northern Korea, tell of continued outrages by Chinese mounted bandits on the upper reaches of the Yalu river. A band of several hundred raided the police station at Changbu and carried away arms and ammunition. On the following day the residences of the wealthy people were attacked and looted of their contents. Subsequently about 20 persons, including officials of a lumber mill were carried off by the bandits as hostages, probably for the purpose of ransom. The Chinese government has organized a punitive expedition.

ANNUAL BATH DISPENSED WITH

(Correspondence Associated Press)

MEXICO CITY, June 30.—With St. John's Day come and gone again for another year the newspapers of the capital are unanimous in asking why this one time prominent fiesta is waning in popularity. The holiday occurs on June 24 and was early written into the customs of the Mexicans as a day for a bath and for a feast celebrating the nativity of St. John the Baptist.

This year, according to the newspapers, there was a marked decrease in the observance of the day. The bath houses which in former years did capacity business from early dawn until noon were not busy. The holiday spirit was lacking. In the oca, the principal place of the city, where on holidays booths are erected for the sale of food, drinks and trinkets, only a thin line of stalls marked the line for promenaders. The decadence of the fiesta was everywhere apparent.

CITY SWIMMING POOL

Notice is hereby given that the swimming pool will be opened for children daily from 1 to 5 o'clock during which hours no adults will be admitted. Adults will find the baths available during the morning and from 5 to 10 o'clock in the evening. The management has set aside Thursday from 9 to noon for ladies' day.

What would a lot of well-meaning folks in this country do if they were deprived of the heaven-born privilege of enssing the government?

HOME FOR GIRLS PHILADELPHIA

(By Associated Press)

PHILADELPHIA, July 16.—The Chas. E. Ellis College for the education of fatherless girls is now open. It is located in the beautiful White-marsh valley, four miles north of the Chestnut Hill section of Philadelphia. Mr. Ellis provided for the maintenance of the college, which he designed to do for girls what the Girard College does for boys, by endowing it with \$5,000,000. He died ten years ago. Girls who cannot be supported properly under their present living conditions will be given the opportunity for free education. More than 200 can be accommodated.

The Gypsy was considered such a good mining prospect by the well-known and successful mining man, Owne Dougherty, who was one of the pioneers of Tonopah, and one of the successful leasers on the famous Mizpah Mine, in Tonopah that about the latter part of 1909 Owne Dougherty and associates secured a lease on the Gypsy, when silver was only worth fifty cents per ounce.

They opened up a very promising vein on the surface in a short time and took out considerable ore from shallow surface workings. They then started a crosscut tunnel to cut at greater depth the vein opened by surface workings, and had they continued on to the vein, in the opinion of an able engineer of wide experience, there would have been exposed a body of ore that would have precipitated the Divide boom years earlier.

The Gypsy has now changed hands, and the new owners, under the name of the Goldsmith Divide, have refused several offers from leasers and are now sinking a two compartment shaft and also installing complete mining equipment.

CHORUS HANDS WIN A STRIKE

(Correspondence Associated Press)

BERLIN, June 18.—The principal chorus and stage hands of the German Opera House at Charlottenburg, after a five days' strike, have forced the retirement of Otto Neumann Hofer, its director-general, with whom the employees have been in conflict for several years. The forces of the opera houses, numbering five hundred, went on strike without warning.

Socialist members of the Charlottenburg town council espoused the cause of the strikers and demanded that the board of directors remove Herr Hofer. Realizing the futility of further resistance, he resigned. It was charged that he consistently opposed all social reforms in favor of the employees and was unyielding in his discipline.

The incident was one of the most sensational episodes in the history of German grand opera and the occurrence would have been impossible under the old political dispensation.
